FAMILY · AGES 5–12

The whole island *plays along.*

A day written for your family, in the real Singapore, with actors who have rehearsed it for weeks. The dinosaur your child drew becomes the key.

— The whole day. A parent is inside it.

— An island we choose with you.

— The drawing your child made becomes the key.

WHAT YOU RECEIVE, AND WHEN

Within two days	Talk to us. Who is coming, how old the children are, what makes them laugh.
Within a week	Read one page: the outline of the day, with the cast and the places.
Two to eight weeks	Do nothing. We write and rehearse. The children do not need to know anything.
The day before	Open the envelope: time, place, what to bring. The children receive their first letter.
After	Keep the box. One record of the day, in one copy. Nothing is filmed unless you ask.

IN THEIR WORDS

"They kind of redesigned the world around her."
